Vineyard Site:

The Schenkenbichl vineyard is the source of one of our best Grüner Veltliners and this site is also very influential for our Pinot. The cool, vibrant character and complexity are derived from this terrain, yet we don't want to ignore the significance of this wine's second origin, the Ladner vineyard. They each seem to complete one another and deliver exactly those components that make our Pinot what it is.

Winery

The Jurtschitsch winery, situated in Langenlois, is one of the most prestigious wineries in Austria which impeccably displays Austrian wine culture at its best. Alwin and Stefanie Jurtschitsch having been leading the family estate for some time now and have managed to reinterpret premium wine in their own way. For the two of them this means vinifying authentic, complex and terroir-specific wines with cool, elegant stylistics - in other words, permitting the different appellations in Langenlois to express themselves individually.
