

Blauburger PUR 2016

Wine Description

The Blauburger is a crossing of Blauer Portugieser and Blaufränkisch. It is a classic variety in the Kamptal. Nevertheless, it is very difficult to find varietals Blauburger. In the most cases, it is used as a Cuvee-Partner because of its fruitiness and lightness. Our Blauburger grows on a clay soil with parts of stony soil – mainly mica schist on 380m above sealevel. The vineyard is situated at the northern boarder of the Kamptal, which is already very much influenced, by the rough winds and the cool nights of the Waldviertel. This brings the fruitiness in this wine. Blauburger PUR belongs to our “Red Line”. After spontaneous fermentation and maceration for 6 weeks it was filled in big oak barrels for maturing without addition of sulphur. It was also bottled without addition of sulphur and unfiltered! The result is a full-bodied red wine with soft tannins and a fruity taste of dark berries. It’s a good companion to lamb and deer.

Wine Type: Still wine | red | dry

Alcohol: 12.5 %

Total Sulfur: 26 mg

Residual Sugar: 2.29 g/l

Acid: 5.6 g/l

Certificates: organic, Demeter

Allergens: sulfites

Drinking Temperature: 12 - 14 °C

Aging Potential: medium (9 years)

Optimum Drinking Year: 2020 - 2025

Vineyard

Origin: Austria, Kamptal, Mollands

Quality grade: Bio-Wein aus Österreich

Site Type: plateau

Varietal: Blauburger 100 % | 15 - 15 years
3500 plants/ha | 2000 - 2500 liter/ha

Sea Level: 330 m

Soil: loam | large
Gföhler Gneis | medium
mica schist | little

Harvest and Maturing

Harvest: handpicked

Grape Sorting: manual

Fermentation: spontaneous

Malolactic Fermentation: yes

Mazeration:	completely destemmed
Juice Extraction:	yes 10 %
Mash Fermentation:	complete destemming fermentation vat 6 week(s) squashed Stems: 0 %
Fermentation Process:	manual punch down 1 x day
Filter:	unfiltered
Maturing:	large wooden barrel
Bottling:	natural cork end/september 2017
