Pet Nat - Zweigelt Rose (Rosa Kapsel) 2018

Pet Nat is a short form for Pétillants naturels, which means naturally sparkling. For this product, we bottle the fermenting juice and leave it with the yeasts and the natural sugar in the bottle so that the fermentation continues in the bottle and produces natural carbon dioxide. It is a very natural way to produce sparkling wine - without any additives. The grapes for our Pet Nat Zweigelt grow on a clay soil at about 320m above sea level. Important for Pet Nat is the time of bottling. You need still some sugar and enough working yeasts so that the fermentation can continue in the bottle. Too much sugar can also stop fermentation so you need a good intuition. Our Pet Nat Zweigelt 18 is a fruity, easy drinking Pet Nat with a light bitter aftertaste. Hence, it is a good aperitif and a perfect party drink.

Vineyard

Origin: Austria, Kamptal, Mollands Perlwein aus Österreich Quality grade:

Woad Site:

Varietal: Blauer Zweigelt 100 % | 20 years

Soil: loam clay earth

Harvest and Maturing

Harvest: handpicked Fermentation: spontaneous

Malolactic Fermentation: yes
