## Vineyard Site:

The vineyard (Ried) Kittmannsberg is located in the west of Langenlois. It is a very deep and calcareous loess soil that shapes this vineyard terrace. The u-shaped form prevents the vines from wind which leads to a special micro climate that characterizes our Grüner Veltliner. Our vineyard is located on the top of the Kittmannsberg and is in the family's possession for decades now.

## Winery

Experience in making wine for more than a century, the excellent soil in Langenlois and various established varieties characterize our family-owned winery. Passionately we expend a lot of effort every year to finish our wines with a personal touch, which is important to us. Working in line with nature out in the vineyards is self-evident for us. This is why we have pursued sustainable wine growing throughout decades and we had our estate certified organic in 2010.
