## Curiosity

Back in the day, when the vineyards was not close enough to the cellar, in order to transport the grapes in the wooden back carriers called "Zummen", the grapes had to be conveyed in casks and vats by wagons. For crushed grapes it was essential to transport them in sealable casks, called "Kastlet", since the terrain of the lower mountain slopes were steep and narrow. Our Cabernet grapes used to be transported in such casks and this is why we choose this antic name.

## Food Pairing

Ideal with roasted or grilled meat, venison or piquant cheese.

## Vintage 2017

Typical Varietals, Wines that are Elegant, Fresh, and Fruity The capricious weather in 2017, above all else the frost and hail, left its mark in Alto Adige's vineyards, especially in terms of quantity. All in all, though, 2017 presents itself as a good vintage with convincing levels of quality and with quaffable, inviting wines that are typical for Alto Adige. (Südtirol Wein)
