## Vineyard Site:

With its very rare geological formation, Ried Zöbinger Heiligenstein is one of the best Riesling sites in the winegrowing region. The Zöbing Perm is a meager, reddish and weathered desert sandstone with conglomerates of volcanic components from the Permian period (270 million years old). The vineyards are located in a nature protection area. Between the vineyards there are preserved dry grassland areas with rare flora and fauna.

## Winery

The Jurtschitsch winery, situated in Langenlois, is one of the most prestigious wineries in Austria which impeccably displays Austrian wine culture at its best. Alwin and Stefanie Jurtschitsch having been leading the family estate for some time now and have managed to reinterpret premium wine in their own way. For the two of them this means vinifying authentic, complex and terroir-specific wines with cool, elegant stylistics - in other words, permitting the different appellations in Langenlois to express themselves individually.
