Soil:	mica schist   large   top soil loess   medium   top soil mica schist   large   sub soil

**Vineyard Site:**

The vineyard is situated on the south-south-east side, laid out in terraces, reaches up to 380 m above sea level and is one of our highest sites. The vines are deeply rooted in crystalline mica slate. home mountain stems from the Proterozoic eon and is an estimated 800 million-years-old. Grüner Veltliner drives its roots into mica-schist high on the mountain slope where the vines are exposed to constant winds that provide optimal aeration.

Allergens:	sulfites
Drinking Temperature:	12 - 14 °C
Aging Potential:	high (20 years)
Optimum Drinking Year:	2018 - 2030

## Winery

The Jurtschitsch winery, situated in Langenlois, is one of the most prestigious wineries in Austria which impeccably displays Austrian wine culture at its best. Alwin and Stefanie Jurtschitsch having been leading the family estate for some time now and have managed to reinterpret premium wine in their own way. For the two of them this means vinifying authentic, complex and terroir-specific wines with cool, elegant stylistics - in other words, permitting the different appellations in Langenlois to express themselves individually.
