Metodo Giovèn - Timeless

This wine was aged in Tonneaux for 7 years. We kept young through giving the wine always new vineyard yeast from the newest vintage. This method is called "metodo giovèn". The wine was bottled in April 2025.

Vintage 2018

Satisfied with Quality and Quantity The 2018 wine harvest began early in Alto Adige, with lower elevations starting to pick as early as August 20. And toward the end of September, most of the grapes were already in the wineries – well matured and in reasonable numbers. With the white wines, Alto Adige's winegrowers and winemakers are without exception very satisfied. With the red wines, 2018 will be a great year for Cabernet and Merlot, but also for Pinot Noir and Lagrein. (Südtirol Wein)
