## WEATHER / CLIMATE

**Climate:** continental, pannonic

**Vintage description:**

2019 started out with a dry winter, followed by a relatively warm spring. The cool and very wet May delayed vegetation but ensured water reserves for the hot and dry June, July and August. Harvest started at the beginning of September.

<b>Drinking Temperature:</b>	9 - 11 °C
<b>Aging Potential:</b>	medium (8 years)
<b>Optimum Drinking Year:</b>	2021 - 2025

## WINE DESCRIPTION

Classical. Anticlassical - Grüner Veltliner ELEKTRA - Grüner Veltliner. One single vineyard. Chalk. Classical, anticlassical, call it what you want. Timeless, trendless. Electrifying. This wine has no ending. Curtain call. Lights.

## WINERY

As residents of Burgenland in the far east of Austria and as winemakers in Gols, we find ourselves in a multiply fortunate position. Because the Pannonian climate at Lake Neusiedl is not only beneficial and wonderful to live in, but also perfectly predestined for viticulture. The same applies to the diverse soils. This obliges us to produce wines of the highest quality. Starting with the 2013 vintage, all of our winery wines will be organic or biodynamic. In addition, Gols, where our family has been producing wine since 1684, is also a little away from the hustle and bustle of the city. That's why we have the peace and patience here to focus on what matters most. To produce distinctive, timeless, enduring wines from local varieties that will stay with you for a lifetime.

## Vinification

pressed with the stems, spontaneous fermentation in a used 2,000 liter oak barrel, bottled unfiltered with the fine lees, no addition of sulfites
