<b>Drinking Temperature:</b>	12 - 14 °C
<b>Aging Potential:</b>	high (25 years)
<b>Optimum Drinking Year:</b>	2022 - 2038

### WINE DESCRIPTION

The soilcharacter and altitude of the vines makes the difference. Ex vero I is grown on the more flat slopes on the bottomline of the vineyard. There is more clay on top of the soil and less Opok Rocks in the upper part of the soil. Morillon dominates this wine and Sauvignon blanc brings a certain spiciness.

## WINERY

Small family-run winery in southern Styria - Austria. Lively wine with a natural expression and play of formed aromas in the wine.
