

WAGENTRISTL

# Cuvée Heulichin 2021

Qualitätswein, Regionswein

## Wine Description

The community of Großhöflein was first mentioned in 1153. The former name "Heulichin", today represents our top wine, made from the best grapes and barrels of Blaufränkisch, Cabernet Sauvignon and Zweigelt.

## Tasting Notes

Deep dark ruby garnet, opaque core, violet reflections. Mineral, dark berry confit, delicate nuances of oak, a hint of liquorice. Full-bodied, ripe cherry fruit, supporting tannins, a multi-faceted food companion with great potential for further development.

## Food Pairing

Excellent accompaniment to dark meat, roasted meat and game. Younger vintages should be opened or decanted a few hours before consumption. We recommend a large red wine glass.

<b>Wine Type:</b>	Still wine   red   dry
<b>Alcohol:</b>	13.5 %
<b>Residual Sugar:</b>	1 g/l
<b>Acid:</b>	5.3 g/l
<b>Certificates:</b>	vegan
<b>Allergens:</b>	sulfites
<b>Drinking Temperature:</b>	16 - 18 °C
<b>Aging Potential:</b>	high
<b>Optimum Drinking Year:</b>	2024 - 2031

## Vineyard

### Vineyard Site:

Burgenland, Austria's sunniest wine-growing region, impresses with its diversity and quality. Famous for full-bodied red wines, elegant white wines and fine sweet wines, it combines tradition and innovation in a picturesque landscape.

**Average Rainfall Per Vintage:** 673 mm

## Harvest and Maturing

The grapes for this wine are harvested separately by variety and location. The selective harvest of the ripe, healthy grapes is done exclusively by hand. In the cellar, the grapes are destemmed and lightly crushed. The natural, alcoholic fermentation and maceration takes place in stainless steel tanks and lasts two to four weeks. During this time, the mash is pumped over (remontage) two to four times a day to release the valuable ingredients (color, tannin) from the skins. Further maturation and malolactic fermentation takes place in small oak barrels. We let the young wine rest for as long as possible without intervention (racking, sulfurization). After around 22 months of barrel aging, the individual barrels are blended and stored in stainless steel tanks until bottling. In order to retain as much of the wine's original freshness and character as possible without "clouding" future enjoyment, this wine is only subjected to a light, clarifying filtration during bottling.

<b>Harvest:</b>	handpicked   September 20 - October 5
<b>Grape Sorting:</b>	manual
<b>Fermentation:</b>	spontaneous
<b>Malolactic Fermentation:</b>	yes
<b>Mash Fermentation:</b>	complete destemming   stainless steel tank   2 - 4 week(s)
