WINE DESCRIPTION

This Müller Thurgau is the uncomplicated introduction to the subject of mash fermentation/nature/raw/orange wine. After the beginning of fermentation, the grapes were pressed after 8 days on the mash and the fermentation was finalised in stainless steel tanks. After 8 months on full lees, the wine was drawn directly into the bottle unfiltered after a minimal addition of sulphur. No hocus-pocus, but a dirty idea right at the start of the party.

WINERY

In 2005 Alexander Zöller staked everything on one card and acquired half an acre of vineyards in Lower Austria's Krems valley. Over the years other plots were added and today he owns 7 hectares of vineyards which are cultivated organically. Emphasis lies on the detailed representation of the terroir and the different grape varieties. Gruner Veltliner sets the tone, Riesling, Roter Veltliner and Zweigelt complete the varietal range. They all share a carefully considered and deliberate vinification which represents the vintage without embellishment. Rough edges and individual expressions are gladly accepted.
