Vineyard Site:

The vines are rooted in small plots in very high altitude vineyards, in primary rock soils characterized by gneiss and mica schist. Due to the high elevations and proximity to the forest edge, the climate is noticeably cooler, with pronounced temperature differences between day and night.

Weather / Climate

Climate: continental

Vintage description:

2021 was a particularly varied year in the vineyards and once again demanded a lot of experience, sensitivity and intuition. After a cool spring and late flowering, the summer was very varied: sometimes sunny, sometimes rainy, but without heat waves. As changeable as the year had been until then, the weather remained stable during the harvest. The exceptionally beautiful and consistent autumn weather gave us the opportunity to harvest our parcels with absolute precision. The condition of the grapes was just perfect and the ripeness, acidity and aroma indicate an exceptional vintage that will be reflected in vibrant terroir-driven wines with longevity.

Wine Description

Grüner Veltliner Stein impresses with its precise and balanced interplay of spice and fruit, with notes of ripe apples and an elegant herbaceous nose. The freshness and pepperiness continue on the palate. A lively acid structure gives the wine length and freshness, with vibrant vertical structure.

Winery

The Jurtschitsch winery, situated in Langenlois, is one of the most prestigious wineries in Austria which impeccably displays Austrian wine culture at its best. Alwin and Stefanie Jurtschitsch having been leading the family estate for some time now and have managed to reinterpret premium wine in their own way. For the two of them this means vinifying authentic, complex and terroir-specific wines with cool, elegant stylistics - in other words, permitting the different appellations in Langenlois to express themselves individually.
