Curiosity

Back in the day, when the vineyards was not close enough to the cellar, in order to transport the grapes in the wooden back carriers called "Zummen", the grapes had to be conveyed in casks and vats by wagons. For crushed grapes it was essential to transport them in sealable casks, called "Kastlet", since the terrain of the lower mountain slopes were steep and narrow. Our Cabernet grapes used to be transported in such casks and this is why we choose this antic name.

Food Pairing

Ideal with roasted or grilled meat, venison or piquant cheese.

Vintage 2021

A late harvest and lovely, stable weather at the crush characterized Alto Adige's 2021 vintage. Thus the grapes could be left to ripen ideally, and thanks to the high temperature differentials between day and night, a great deal of aroma could form. The result is an extraordinary 2021 white wine vintage. (Südtirol Wein)
