## Wine Description

« Roulette » is a wine which aims to grant nature and ourselves another little bit of freedom. A percentage of the wine represents a Gemischter Satz (field blend) whereas its other grapes stem from different vineyards. The fruit was harvested together and spontaneously co-fermented, creating a wine that may taste slightly different every year – like a roulette of sorts! But never fear, quality-wise it's always a winner! With this wine, we are putting emphasis on crunchy acidity and drinking pleasure. Character and subtlety should not be on opposing teams here. And the grape varieties? They may differ from year to year, but they always bring freshness and expressive aromas to the table. If you scan the QR code, you can play a game to guess the varieties yourself! Have fun and cheers!

## Winery

We love our village of Grossriedenthal. It is the origin and the home of our wines. The surrounding countryside is our little world in which we wine growers farm various different sites. Since 1976, organic farming has been the foundation of our activities today, with biodynamic winemaking becoming part of our philosophy in 2023. We might look back, sideways, but we always keep our sights on the future. With our trust in nature, the joy we feel when working in the vineyards and the passion for making something extraordinary out of our grapes, we are creating wines that say a lot about their origins and about us. Honest, authentic and full of life. We are a member of OETW & Respekt BIODYN.
