

Riesling Terrassen 2022

Wine Description

Riesling is also called the king of the white wines. It is a very typical grape variety in Kamptal and needs sparsely and stony soil. Only on this soil it develops its typical character. The harvest is rather little; therefore the quality is especially good. For our Riesling Terrassen we use only Riesling grapes (100%). They grow on different sites around Mollands with different soils but mainly sparse stone soil (amphibolit and mica schist). The grapes are at least 25 years old. After harvest by hand it was fermented spontaneously in steel tanks. (according to Demeter) The Riesling Terrassen 2022 is a typical Riesling from Kamptal Region (DAC). It smells like apricots, sugar and acidity are well balanced and it has a fine mineral finish. Our experience is that the Riesling needs always some more time after bottling and in the glass to develop its full aromas. It goes well with Sushi and light starters with fish.
