Syrah 2022

Weather / Climate

Rainfall 2022: 421 hours
Sunshine 2022: 2179 hours

Vintage description:

The 2022 vintage was characterized by a warm, dry spring and a hot summer with occasional heat waves. Thanks to timely rainfall in August, the vines were able to complete their ripening process well. The harvest began somewhat earlier than average and yielded healthy, aromatically concentrated grapes with good acidity. Especially in the higher elevations of the Leitha Mountains, balanced conditions were found for elegant, mineral wines. Overall, the 2022 vintage promises wines with finesse, aging potential, and regional expression.
