volcanic rock

deep

Vineyard Site:

As a large, open clearing, the six-hectare single-ried Buch is protected on three sides by mixed forest. Here, our vineyards are rooted in deep volcanic soil, slope towards the south and southwest at an altitude of 300 to 360 meters and deliver the top of our range. As ambassadors of this special vineyard, Pinot Blanc, Morillon and Sauvignon Blanc transport the terroir with its basaltic soil in an authentic and expressive way. Longevity and a warm, calm charisma characterize these wines.

Wine Description

Test

Winery

Old values – new paths. Wine has been pressed in our family for three generations. With boundless joy and deepest respect. 100 % Vulkanland Steiermark is our steadfast ideology: Only grapes from the Vulkanland Steiermark region are ever permitted into our cellars. Highest-quality wines with a distinctive personality and unambiguous origin are as much our goal as pure enjoyment with every sip. Our product palette may be subdivided into three categories: regional wines, represented by elegant, multifaceted classics; profound wines drawn from single vineyards Stradener Rosenberg, Buch, Steintal and Altes Steinkreuz; and local wines as an expressive happy medium between both of the aforementioned categories. With best wishes from, The Frauwallner Family
