Wine Description

Juicy yellow apple, yellow greengage, bisque, fresh almonds, quite spicy in the nose. Elegant texture, at the same time with a proper pressure on the palate; very spicy, vivid, long - apple skin and fresh almonds at the back of the palate. The excellent tannin structure promises a great aging potential!

Winery

Being a wine grower is both our vocation and our commitment. It is our calling to produce wines with character and sustainably; it is our commitment to future generations. The distinctive character is shaped by several factors and methods, and these are responsible for the uniqueness of our wines. This is significantly influenced by the wine-growing region of Wagram and its grape varieties; yet specifically characterised by biodynamics.
