Curiosity

The Eisack river is the main tributary of the Etsch (Adige) and its river valley is called the Eisacktal. It rises at the Brenner and runs into the Etsch at Bozen. Ancient authors called the river "Isarcus" or "Isargus". Only Strabo called it "Atagis" instead of Isarcus.

Food Pairing

Ideal pairings include shrimp, lobster, liver pâté, soft cheeses, desserts, or just as an aperitif. Also excellent with Sushi!

Vintage 2025

The distinctive characteristics of the 2025 vintage stem from a mild spring, which led to a very rapid growth cycle. The 2025 white wine vintage is characterized by slender wines with moderate alcohol content, high, invigorating acidity, and pronounced mineral freshness. Thanks to optimal weather conditions and precise harvesting, the wines impress with their elegance and longevity, with Sauvignon Blanc considered particularly outstanding.
