Vineyard Site:

At the southeastern foot of the Heiligenstein lies one of the warmest sites in the winegrowing region. The soils are predominantly calcareous, composed of loess-derived loamy-sandy silt. Higher up, beneath the loess, the calcareous-poor to calcareous-free silts and sandstones of the Zöbing Formation emerge. This geological diversity gives the wines power, spiciness, and a distinctive minerality.

Wine Description

Bright golden yellow with delicate silver reflections. The nose unfolds with exotic fruit aromas, greengage plum and crisp white apple, accompanied by subtle herbal spice and a touch of blossom honey. Juicy and rounded on the palate, with a medium body, gentle fruit sweetness and finely integrated acidity. Notes of pear, delicate spiced tobacco and honey linger through the long, fruit-driven finish.

Food Pairing

A versatile companion to Austrian cuisine – from crispy fried chicken and classic Wiener Schnitzel to delicate starters, poultry and light vegetable dishes. Balanced, charming and easy to pair.
