

RauSchnitt Weine

We are Michael Nittnaus and Mathias Rauscher, a East-West connection from Vorarlberg all the way to Burgenland.

Because of our mutual passion for wine, we decided to start the RauSchnitt Weine project in 2019. It includes 4 vineyards, in total 0.6 hectares in Breitenbrunn and Purbach, Leithaberg, Burgenland. Syrah, Weißburgunder, and Grüner Veltliner grow on limestone and Blaufränkisch on schist. We started to farm the vineyards organically in 2019, but are not certified.
