

## Kapitel Zwei Wine

Kapitel Zwei or “Chapter Two” is an experiment to organically and sustainably grow French grape varieties, including Chenin Blanc, Roussanne and Sémillon, and age them in amphora for one year. The grapes are handpicked from a single vineyard or “ried” called Kremsleithen. It was abandoned decades ago and was replanted in May 2022 — my premier vintage was bottled on 31 August 2024. Kapitel Zwei focuses on small production, low-intervention, organic wines.
